We conduct assessment of needs as part of the pre-enrolment process and throughout the duration of the course. In such cases, we will ensure that the assessment of need is undertaken at the earliest possible opportunity and any identified support needs issues are managed.

Student support may include but is not limited to any disability or impairment that restricts access and equity as well as, computer literacy or English language, literacy and numeracy (LLN) information obtained from learners prior to enrolment and prior to the commencement of their first unit of competency.

Educational and support services may include, but are not limited to:

- pre-enrolment materials;
- study support and study skills programs;
- language, literacy and numeracy (LLN) programs or referrals to these programs;
- equipment, resources and/or programs to increase access for learners with disabilities and other learners in accordance with access and equity;
- flexible scheduling and delivery of training and assessment;
- counselling services or referrals to these services;
- information and communications technology (ICT) support;
- learning materials in alternative formats, for example, in large print;
- any other services that the RTO considers necessary to support learners to achieve competency.

Where appropriate, we will seek external assistance to ensure additional support services are available. You will be informed in case additional costs may be incurred to arrange access to external additional support services.

Language/Literacy and Numeracy

ONYX TRAINING GROUP PTY LTD makes appropriate concessions for language, literacy and numeracy issues of students where these concessions do not compromise the requirements of the relevant Training Package and the integrity, equity and fairness of assessment.

During the enrolment process, all students complete a brief non-invasive language, literacy and numeracy assessment for us to identify any issues that may need to be addressed prior to the commencement of training. Strategies to address these issues will be negotiated with students and may include adjusting learning and assessment modes and methods.

We provide materials, resources and assessment tasks at a level of complexity required and also provide opportunities for repeated and supported practice.

Where can I get help with language, literacy and numeracy?

Individuals who want to get help with their literacy and numeracy can access information about the nearest LLN provider by calling the Reading Writing Hotline on 1300 655 506.

What is the Reading Writing Hotline?

The Reading Writing Hotline is funded by the Australian Government Department of Education, Science and Training. The project is managed by TAFE NSW - Access and General Education Curriculum Centre and is Australia's national telephone adult literacy and numeracy referral service. For the price of a local call from anywhere in Australia, the hotline can provide you with advice as well as a referral to one of 1200 providers of courses in adult literacy and numeracy.

What happens when I call the Hotline?

You will speak to an experienced adult literacy teacher who will advise you on ways you can access classes in your local area to improve reading, writing, spelling and maths skills. The information you give about yourself is confidential and will not be given to anyone else.

When can I call the Hotline?

You can call the Hotline at any time. If a teacher is unavailable to take your call, your name and number will be taken by the hotline paging service and your call will be returned.

Flexible Learning and Assessment

ONYX TRAINING GROUP PTY LTD will develop a unique training plan for each student to assist with time management and fitting studying around your work and life commitments.

If you've already completed a qualification, it may be possible to apply for credit transfer and/or recognition of prior learning (RPL) as long as sufficient and current evidence is provided as required. To learn more about credit transfer and recognition of prior learning please refer to the RPL and Credit Transfer Policy located in the Policies and Procedures section of the handbook.

For further information on how to apply for credit transfer and RPL you can contact our Student Services.

Assessment Requirements

All assessments must be submitted by the due date. If you are having difficulty completing an assessment, you may discuss it with your trainer/assessor well in advance of the due date. This way the trainer/assessor may be able to provide support or grant additional time. Please note there may be conditions to gaining an extension.

Students are advised to keep a copy of their assessments prior to submission. ONYX TRAINING GROUP PTY LTD does not accept responsibility for lost assessment tasks.

A completed assessment may be submitted using any one of the following methods depending on which course you are enrolled in:

- Upload your assessments through the online portal

Once you have submitted your fully completed assessment, you will receive an email to acknowledge your submission. You may contact student services to know the status of your assessment.

Please note: Students will have to complete assessment tasks again if their work goes missing and therefore it is important to keep a copy of their original assessment tasks.

Assessment malpractice

Assessment malpractice includes cheating, collusion and plagiarism.

We regard the integrity of assessment as critical to our professional responsibilities as an RTO and therefore strive to ensure the assessment processes are not compromised. We have policies and procedures in place for dealing with assessment malpractice.

What is cheating?

Cheating within the context of the study environment, means to dishonestly present an assessment task or assessment activity as genuinely representing your own understanding of and/or ability in the subject concerned.

Some examples of cheating are:

- Submitting someone else's work as your own whether you have that person's consent or not.
- Submitting another author's work as your own, without proper acknowledgement of the author.
- To allow someone else to submit your own work as theirs.
- To use any part of someone else's work without the proper acknowledgement.

There are other forms of cheating not contained in this list. These are merely given as some examples. If you are unsure about whether any particular behaviour would constitute plagiarism or cheating, please check with your trainer prior to submitting your assessment work.

What is Collusion?

Collusion is the presentation of work, which is the result in whole or in part of unauthorised collaboration with another person or persons. It is your responsibility to ensure that other students do not have opportunity to copy your work.

What is Plagiarism?

Plagiarism is a form of cheating and includes presenting another person's or organisation's ideas or expressions as your own. This includes, however is not limited to copying written works such as books or journals, data or images, tables, diagrams, designs, plans, photographs, film, music, formulae, websites and computer programs.

What are the Penalties for Plagiarism or Cheating?

If a trainer suspects that you are cheating, they will investigate further to establish evidence to support their suspicion. By looking at learning resources, searching on Google and reviewing previous or current student's work. If evidence to support the suspicion is established your trainer will then report their concerns to our Training Manager. From there the following process will be followed:

1. Our assessor will contact you in writing outlining their concerns with your submitted work.
2. You will then have an opportunity to respond to any allegations of cheating or plagiarism.
3. If our Training Manager's investigation confirms that you have engaged in cheating or plagiarism you will be advised of one of the following consequences:
 - If it is determined that your offence committed is minor or unintentional, you will be asked to resubmit your work and be given a formal warning in writing by our Training Manager OR
 - If it is determined that your offence committed is of a serious and intentional nature you will be un-enrolled in that unit immediately and have to re-enrol if you wish to complete that unit. Your result for that unit will be recorded as Not Competent. A cheating/plagiarism note will also be

recorded against your student file. Notification of any such decision will be made in writing by our Training Manager.

4. If the conduct is repeated or if the initial conduct is of a very serious nature (as determined by our Training Manager), such as knowingly falsifying assessment evidence, the student's enrolment may be terminated. In cases of termination, all fees paid will be non-refundable.

What if I don't agree with the decision?

If you disagree with the decision or the penalty imposed, you are entitled to lodge an appeal in accordance with the Appeals Policy and Process. For more information you may refer to the Complaints and Appeals section of the Student Handbook.

How do I avoid Plagiarism or Cheating?

Students are advised to note the following advice to avoid claims of plagiarism or cheating:

- Always reference other people's work. You may quote from someone else's work (for example, from websites, textbooks, journals or other published materials) but you must always indicate the author and source of the material.
- Always reference your sources. You should name sources for any graphs, tables or specific data, which you include in your assignment.
- You must not copy someone else's work and present it as your own.
- You must not falsify assessment evidence.

Code of Conduct

All ONYX TRAINING GROUP PTY LTD participants are expected to take responsibility for their own learning and behaviour during both training and assessment. Any breach of discipline will result in the participant being given a 'written warning.' Further breach will result in a participant being asked to 'show cause' as to why they should not be excluded from further participation in the program. A third breach will result in instant dismissal from the training environment. Where a breach is deemed as of a serious nature, as determined by our Training Manager, the student's enrolment may be terminated. In instances of dismissal and termination of enrolment, all fees paid will be non-refundable.

COURSE INFORMATION

All training programs we provide are registered under nationally endorsed training packages. These training programs are competency based which means that training and assessment focus on the development and recognition of a person's ability to apply relevant knowledge and skills to perform workplace tasks to a specified standard.

Training Programs

The specific skills and knowledge required for particular activities are set out in Units of Competency which can be grouped together to formulate the completion of a nationally recognised qualification. Nationally recognised qualifications are outlined in training packages. These can be viewed at www.training.gov.au.

Competency Based Training

All programs delivered by ONYX TRAINING GROUP PTY LTD are assessed under the principles of Competency Based Training. The aim of Competency Based Training is to assess the student's ability to complete the activities in each unit.

We will assess the student's ability (or competence) to carry out the activities in each unit of competency.

Competencies are normally expressed in terms of a unit of competency. For example, if you were working in a retail store, a unit of competency might include "use point of sale equipment." Competencies include the skills and tasks that are required in the workplace. When a student is being assessed on these activities, the student will be required to perform the activity to the level required in the workplace.

All assessment results are recorded in our Student Management System. Students have access to their assessment outcomes via the student portal or by request.

Certification documents are issued from the results recorded in our Student Management System.

Mode of Delivery

ONYX TRAINING GROUP PTY LTD provides flexible and student-centric training tailored to each student's needs. Our courses are offered through various modes to best accommodate the student's diverse requirements.

Blended

Blended mode of delivery combines in-person classroom sessions with online components. The classroom sessions provide essential face-to-face instruction, while the online part offers flexibility for students to complete their coursework at their own pace. This approach provides the best of both worlds, with structured guidance and flexible learning.

Please refer to the specific course brochures and our website for more information on the delivery options available for each program. Student services are available to answer any questions regarding our course offerings and mode of delivery.

Vocational Placement

ONYX TRAINING GROUP PTY LTD offers courses such as Early Childhood Education and Care which require the student to enter a Vocational Placement Scheme. To successfully gain qualification, the student must complete the vocational placement. The student will need to initiate contact with a registered organisation. This workplace-based experience will solidify the student's practical experience as they go about their duties in the registered organisation and demonstrate their application of skills in the workplace. Please refer to Course Brochures for further information.

For all courses where Vocational Placement is required in order to complete the course qualification, the student has two options: to organise their own vocational placement arrangement or to request ONYX TRAINING GROUP PTY LTD for assistance. It is advised that the student inform us of their preference so that the learner and/or we will have ample time to look for a suitable vocational placement provider. In the rare event that the learner and/or we cannot find one, the student may withdraw from the course and be refunded for any 'unused fees.'

Computer Specifications and Requirements

The software requirements to ensure the course materials are accessible are as follows:

- Latest versions of Word and Adobe Reader are required
- Some applications (videos) will require the latest version of Flash-Player
- We recommend Google Chrome as an Internet Browser most compatible with the student portal.

We recommend an internet speed of at least 5mpbs. You can check your internet speed with free speed checkers such as this [one](#). Slower connections may suffice for accessing your materials through Adobe Reader. However, you may experience quality and downloading issues with other multimedia resources. We aim for maximum operational efficiency with our high-quality SMS however from time-to-time outages may occur, but these will be attended to as quickly as possible.

For Webinar-based Blended/Online courses in specific qualifications (please refer to website). There are important requirements to be able to participate in a Webinar-based course and these are as follows:

Your evidence requirements will be determined by the Unit of Competency, employability skill requirements, industry expectations, government regulations, and your qualifications and current experience. Evidence can take many forms and you will be required to present more than just one piece of evidence.

Assessment tools that we will provide to you set out the exact requirements for evidence for each unit/module. Examples of evidence could include one or more of the following:

6. Know the workplace rules and procedures

Assessment

Assessment is defined as the process of collecting evidence and making judgements on the nature and extent of progress towards the performance requirement set out in a (competency) standard, or learning outcome, and, at the appropriate point, making a judgement as to whether competency has been achieved.'

In simple terms, assessment is the process of collecting evidence and making judgements on whether competency has been achieved. In order to be assessed as competent (C), you will need to provide evidence which demonstrates that you have the essential knowledge and skills to successfully complete the relevant unit to the required standard. Competency is simply about demonstrating that you can do the task with confidence to the required industry standard as endorsed by the training package or VET accredited Course.

An assessment of 'Not Yet Competent' (NYC) is not a failing mark. It is simply a request for more information or further confirmation of the knowledge and skills required. Our trainers will provide feedback to guide your resubmission and are available for contact if required. The student will be required to successfully resubmit the

assessment with the required rectifications to achieve a competent result. The student will be allowed a limit of three submissions per unit of the course. To be eligible for the qualification, the student must receive a competent result for all units of the course.

Assessment, within competency-based approaches to learning, is criterion referenced. This means it identifies an individual's achievements of defined outcomes, rather than relating their performance to that of other learners or trainees.

Assessment methods used may include:

- Demonstration.
- Observation.
- Work samples.
- Workbook activities.
- Oral presentations.
- Role plays or simulation.
- Projects

Principles of Assessment

There are four key principles that are a part of the assessment process:

Fairness	<p>The individual learner's needs are considered in the assessment process.</p> <p>Where appropriate, reasonable adjustments are applied by the RTO to consider the individual learner's needs.</p> <p>The RTO informs the learner about the assessment process and provides the learner with the opportunity to challenge the result of the assessment and be reassessed if necessary.</p>
Flexibility	<p>Assessment is flexible to the individual learner by:</p> <ul style="list-style-type: none"> • reflecting the learner's needs; • assessing competencies held by the learner no matter how or where they have been acquired; and • drawing from a range of assessment methods and using those that are appropriate to the context, the unit of competency and associated assessment requirements, and the individual.

Validity	<p>Any assessment decision of the RTO is justified, based on the evidence of performance of the individual learner.</p> <p>Validity requires:</p> <ul style="list-style-type: none"> • assessment against the unit/s of competency and the associated assessment requirements covers the broad range of skills and knowledge that are essential to competent performance; • assessment of knowledge and skills is integrated with their practical application; • assessment to be based on evidence that demonstrates that a learner could demonstrate these skills and knowledge in other similar situations; and • judgement of competence is based on evidence of learner performance that is aligned to the unit/s of competency and associated assessment requirements.
Reliability	<p>Evidence presented for assessment is consistently interpreted and assessment results are comparable irrespective of the assessor conducting the assessment.</p>

Rules of Evidence

The Rules of Evidence are closely related to the principles of assessment and provide guidance on the collection of evidence to ensure that it is valid, sufficient, authentic and current as follows:

Validity	The assessor is assured that the learner has the skills, knowledge and attributes as described in the module or unit of competency and associated assessment requirements.
Sufficiency	The assessor is assured that the quality, quantity and relevance of the assessment evidence enables a judgement to be made of a learner's competency.
Authenticity	The assessor is assured that the evidence presented for assessment is the learner's own work.
Currency	The assessor is assured that the assessment evidence demonstrates current competency. This requires the assessment evidence to be from the present or the very recent past.

Assessment Results

Results of assessment are provided to students as soon as practicable. These results are available through your student login account. Assessment results are confidential at all times and will not be given to any other party unless a written request signed by the student is received in advance.

STUDENT HANDBOOK

This handbook was created to meet the requirements of the VET Quality Framework.

Reasonable Adjustment

Students with disabilities or learning difficulties are encouraged to discuss with ONYX TRAINING GROUP PTY LTD any 'reasonable adjustment' to learning and assessment processes which they consider would be necessary or assist them in the performance of their studies.

Careful consideration will be given to any requests for reasonable adjustment of this nature, and, where reasonably practicable, such adjustments will be made. There may however be circumstances where it will not be reasonable or reasonably practicable for us to accommodate or where other adjustments may be more appropriate. Reasonable adjustments cannot compromise the integrity of competency-based training and assessment.

Extensions for Assessment

It is expected that all assessment tasks are handed in on the due date. Should you require additional time to complete an assessment, you must communicate with your assessor and apply for an extension. Standard extension fees are as follows: \$125 for each additional month requested beyond the student's original course end date. No refund will be approved for any extension period not utilised.

Additional Submission and Support

Further submission attempts may be provided only at our discretion. Students may request submission attempts—approval will be at the discretion of the training management. This discretion will rely on the quality of previous submissions and the consideration of the study making progress through extra effort of the student to address the feedback required.

Should the submission attempts be insufficient to gain competency OR if a discretionary attempt is not granted due to insufficient evidence of extra work, students will have the opportunity to purchase re-submissions/re-assessments. The student is advised to speak to our Student Services to assess the need for course extension and/or our Student Services.

Awards

Once a student has successfully completed all assessment requirements for their applicable course, the student will be issued with certification documentation.

For students who have not met all requirements for the course or students who withdraw from a course and have paid relevant fees have the right to receive a Statement of Attainment for the units of competency they have been deemed competent in.

Students should note that if they are paying for their course via the payment plan option, they will be unable to receive their qualification or statement of attainment until course fees are paid in their entirety.

The Qualification or Statement of Attainment will be emailed to the current email address and mailed to the current address noted in our Student Management System. The student should allow 30 calendar days from the

date of completion of the course for the issuance of your award.

Important Information regarding awards at ONYX TRAINING GROUP PTY LTD

Recognition of Prior Learning (RPL)

All students have the opportunity to apply for recognition of prior learning. This means that you can submit evidence for a Unit(s) of Competency, and have it assessed by a qualified assessor without completing the training.

We believe that no learner should be required to undertake a unit of competency for which they are already able to demonstrate satisfactory achievement of the performance outcomes, as stated in the endorsed training package or nationally recognised course.

We aim to maximise the recognition of a learner's prior skills and knowledge whilst at all times maintaining the integrity and standards of the defined learning outcomes of the specific qualification or course of study. Students who consider they already possess the competencies identified in all or part of any course/qualification we offer may seek recognition.

If you think you have the necessary knowledge and skills to match a Unit(s) of Competency or a qualification at the required standard, you need to contact our Student Services who will provide the information you need to complete an application.

Recognition Process

Recognition is a method of assessing if you have evidence of competency for a particular unit of competency that you are enrolled in. It is important to remember that recognition is an assessment process, not an assumption of competence.

Recognition is the determination, on an individual basis, of the competencies obtained by a student through:

- previous formal/informal training;
- work experience; and/or
- life experience.

Recognition therefore determines the subsequent advanced standing to which the student is entitled in relation to a course/qualification. The main focus of recognition is what has been learned rather than how, where or when it was learned. Recognition focuses on both the demonstration of competence and the currency of that competence to industry standards.

It is important to note that the student must provide evidence and demonstrate their pre-existing competence to justify a claim for recognition and satisfy each requirement of the Unit(s) of Competency they're applying for.

Any documents that you provide to support your claim of competency must be originals rather than copies. Your original documents will be photocopied and handed back to you. It is also expected that any evidence submitted is your own and if any part of the work is the work of others, that this is formally acknowledged and advised.

Recognition Decision

Regardless of the type of evidence that you submit, our assessor will ensure that your submission meets the following criteria:

- Full requirements of the Unit(s) of Competency;
- Any regulatory requirements;
- Authenticity - That it is your own evidence and can be authenticated;
- That you can perform the competency consistently and reliably;
- Is at the standard expected in the industry and set out in the Australian Qualification Framework (AQF);
- Sufficiency - There is sufficient evidence to make a judgement.

The recognition process may include the necessity to demonstrate the application of skills. Where it is identified that this is required to assist the assessor in their judgement of competency, this will be arranged at either the student's workplace or within a training facility.

We are committed to ensuring that all judgements made by your trainer against the same competency standards are consistent. Your trainer will examine the evidence that you present and then make a judgement on that evidence which will be either:

- Competent (C) - you have been deemed competent against all the requirements of the Unit/s of Competency
- Not Yet Competent (NYC) - you have not yet demonstrated competency to all requirements.

Your trainer will advise you of the outcome of your application for RPL and advise where gap training and/or assessment is required.

Credit Transfer

We recognise the AQF qualifications and Statements of Attainment issued by other Registered Training Organisations (RTOs). Where a student has completed a unit/s of competency prior to enrolment that is included in our scope, the student may apply for recognition. This may result in the student not having to complete the same unit of competency again. This is known as credit transfer. Should you wish to seek credit transfer, contact our Students Services for a Credit Transfer Form.

See the RPL and Credit Transfer Policy for more details.

3. The appeal request should contain the following information:
 - a) The student's full name and number
 - b) The unit/subject being assessed
 - c) Each assessment task name/number (where the result is being disputed) including why the result should be overturned. The student should refer directly to how they believe they have met the requirement of each task in detail and referencing any evidence to support their claims.

We retain all rights to assignments, tests, exams, projects and assessments. All soft copies of assessments submitted are retained in our Dropbox. All assessments will be kept for a period of 6 months from the date on which the judgement of competence for the student was made as outlined in ASQA's General Direction: Retention requirements for completed student assessment items.

Fee Payment and Refund Policy

We have developed a fair and equitable process for determining course fees, refunds and payment options. Please refer to the individual course brochures or our website for the course fees.

You must advise us of cancellation in writing or by email. A non-refundable administration fee of 25% of the full course fee payable (non-discounted) or a minimum of **\$250** (whichever is greater) will be subtracted from any refund granted under the terms and conditions outlined in this policy.

No refund is provided for cancellations outside of the refund period, though some cases may be considered, subject to our management's discretion. In the case of online learning, training and assessment is deemed to have commenced once the learner has been issued a username and login and these have been used to access the online material.

Cancellation and Refunds

We have a refund period whereby refunds are allowed for any reason, including change of mind, known as the 'Refund Period.' No refunds will be issued for cancellations outside of the refund period.

The 'refund period' is defined as **7** calendar days from the date the student has been 'officially enrolled'—this means all pre-enrolment and enrolment steps have been completed, and the student is deemed suitable for the course.

If you do not notify ONYX TRAINING GROUP PTY LTD in writing within the refund period, you will not be eligible for a refund. All refunds will be paid to the person or organisation that originally paid the fees. Refunds will be paid within four calendar weeks of the date the request is received.

If you wish to terminate your studies before the completion of your course, you must first complete a Refund Request Form, available from our website and our Student Services. In cases where fee payment instalments have been negotiated, you will still be liable to pay any and all outstanding fees to ONYX TRAINING GROUP PTY LTD before the termination of enrolment. 'Outstanding fees' refer to all due payments for training and/or assessment services rendered by ONYX TRAINING GROUP PTY LTD to the student before withdrawal of training is officially approved. ONYX TRAINING GROUP PTY LTD reserves the right to pursue recovery of any and all fees owed by any and all means legally allowable.

For refund applications within the refund period, the Refund Request Form must be received by ONYX TRAINING GROUP PTY LTD, within the refund period. A refund of the course fee, less the applicable administration fees will only be issued if all above criteria has been met and the student has no previous outstanding monies with ONYX TRAINING GROUP PTY LTD.

This refund policy does not remove your right to take further action under Australia's consumer protection laws and [Cooling-off period](#).
